

## **SUMMER FAITH MEETING PROPHECY**

**THURSDAY-6/10/21**

**APOSTLE PHILIP D. DERBER**

For you're in the season of fulfillment, says God. A season where what I've spoken to your heart, what you've discovered in My covenant Word, what you've sown for; has gone through the process of first the blade, then the ear and is now fulfillment time of the full fruit in the ear, says the Lord. For just like you've waited for this season of fulfillment. I too, have waited for this season to come upon the earth. I've long waited for this time, says God. To have a people that would move with Me, to have a people that would believe Me, to have a people that would work with Me, says the Lord. My eyes have ran to and fro, looking for My people that would work in this harvest time. For truly the harvest is great, says the Lord. But you're gonna see this season of fulfillment, things turn around, things be reversed, things that will accelerate in growth in front of the world. But, not to My people. My people have been standing. My people have been believing Me. And you shall not be disappointed. For My Word shall be fulfilled in this season, says your God.

For I'm not a God that forgets. And I have not forgotten, one act of obedience, one act of sacrifice, one act of believing what I've said when I lead you by My Spirit. When you agreed to go. Even times, when you didn't even know it was Me, says the Lord. But you stepped out believing it was Me. I do not forget anything and you're gonna see things that you've forgotten about gonna manifest in your life. And you're gonna say, this is that, which I sowed back there. This is that, which I did right there. For I'm not unrighteous to forget everything. Every move, every praise, every sacrifice of thanksgiving, every time the enemy came in and you stayed steadfast, unmovable...casting down, standing on what I have said. When

the world is going in an opposite direction, says the Lord. I have a people, a remnant, seasoned for this fulfillment season. Yea, the world will look at you and they will say, "Surely, the Lord is with you. That's a miracle." Ahhh, but you know, it's the laws of the Kingdom. You know, it's normal in the Kingdom. [laughs, Hahahaha] Oh wow, I hear You, Lord. The Lord says to tell you, I'm proud of you.
